

Dear GWG Members,

This is my favorite time of year, but it is also my busiest – and I know it is the same for many of you! So, while this newsletter is filled with big wishes for the rapidly-approaching new year to be a happy and healthy one, I'm going to keep it short with only the most important news!

- We have once again received approximately 70 grant applications and preparation has begun to have everything ready for the first meeting of the Grant Review Committee on January 5. All GWG members will receive the list of finalists in late March, and be able to meet them at the Ballot Showcase on April 7.
- Please make your annual contribution as soon as you are able, this will help us know how large the annual grant pool will be. If you are a member who is up for renewal, please submit your commitment form as well.
- This year GWG is celebrating its Sweet 16! As part of the celebration, the Endowment Committee has established A Sweet Sixteen Society to publicly recognize those members who make an optional donation to grow the endowment. While all gifts are welcome, please consider \$100 (sister), \$600 (Supporter) or \$1,600 (Sustainer). To learn more about the endowment visit the [GWG website](#).
- GWG has been in the news a lot during the past month. Click on the links below to see what they are saying about us:

Thank you for all you do for Greenville Women Giving and for all of your efforts throughout the community. Wishing you the best of times with your family and friends in the coming weeks and throughout all of 2022.

Warm Regards,

Diane Perlmutter, GWG Co-chair
